STATIONARY MIXER WAGON
DEMETRA

DEMETRA

STATIONARY MIXER WAGON

GENERAL FEATURES:

Demetra is an extremely reliable and powerful feed mixer wagon equipped with two horizontal counter-rotating augers. The technological excellence of this machine guarantees a high quality of Unifeed ration by offering all the advantages of this technology.

The two counter-rotating mixing augers with blades made of Borsthal ensure a soft and homogenous blend and a clean and very fast fibre cut.

Outlet with chute as standard.
All machines RBS UE of the Demetra series are prepared for the 2nd outlet.

Optional.
By ordering a simple kit it is possible to change the configuration of the outlets.

The Digidevice weighing system Model Five enables the preparation of 20 recipes with 20 components.
The three load cells ensure high weighing accuracy.

STANDARD EQUIPMENT
